Vice Chair's report

- 2013 was a year of consolidation - membership was up by 7% and these members were of a better quality as they are using NCU's services more. Assets are up by 22%, as well as shares and loan growth and earned income was up by 50% due to the one-off EHS contract that is due to end in May 2015. But without the EHS funding, earned income was up by 28%
- New regulations have meant new changes for NCU, such as Corporate Membership and extended the common bond to include Housing Associations in Lincolnshire ensuring that everyone has access to Current Account
- Changes to regulations yesterday - able to charge 3% on some loans (42.8% APR) which will mean that NCU can earn income on smaller loans, which it did not previously
- Cost savings - Irene left in June, Ella became General Manager, but Operations Manager has not been replaced, redundancies in August and closing the Bulwell branch.
- Loan protection and loans savings insurance was dealt on an opt-in/out basis and those who opted out receive a higher dividend. In June/July, new members were no longer offered insured shares which has saved money
- In Operational terms NCU is running better than ever, customer service has improved and phones are being answered quicker

General Managers report

- The previous year was challenging but NCU is offering the same service whilst cutting expenditure which led to the difficult decisions of closing Bulwell and redundancies.
- Bulwell branch - the robbery in June at MMW raised concerns about security and £30k was needed to make Bulwell premises secure, the transactions at Bulwell had decreased by 75% on previous year, whilst they had increased by the same amount at MMW due to longer opening hours
- It has been a difficult year for the staff and the Board and the General Manager thanked everyone for keeping things going
- Projects -
 1. Introduction of new lending platform which will half the time it takes to process a loan - working towards one day loan turnaround
 2. EHS loans - started in April 2013 but the take up has been low which leads to questions to where people are accessing finance
 3. Green Loans in Clifton - gave out £100k in loans in three months, but British Gas have pulled the funding and NCU are currently looking into similar projects
 4. 100X100 scheme that is being promoted by Martyn - 130 people signed up and deposited £60-70k
- Positive about 2014 - looking into a Green loan scheme in Newark & Sherwood. There is lots of great work with CUEP such as a national marketing scheme to promote what we do as currently only 1% of Nottingham's population is a member of NCU. New IT platform means we can offer services that we need such as internet and mobile access
- Launched a new members area where people can join, apply for loans, check balances and apply for withdrawals online which is growing in popularity
- Over the next year NCU would like to more input from its members and get people involved in the democracy of the organisation
- Plans for Bulwell - NCH contact points in Riverside, Bulwell and Cornerstone, Clifton. This project is currently on hold but will find out more within the next 8 weeks.

Treasurers Report

- Figures in the Annual Report
- Highlights
 1. Loan interest is up by 20% and the quality of the loan book is better, although bad debt is higher than ideal
 2. Income is also up including the EHS funding for longer opening hours
 3. 50% less grant funding than previous year
 4. Reductions have been offset with income
 5. Staff costs are down - admin costs are up but due to an increase in membership
 6. proposing to pay £8.5k dividend and the rest will be put into resources
- Balance sheet - there is a steady growth in loans, assets are up, liability is down
- Net worth - £2.08m, net assets - 22% increase on previous year
- An error was pointed out on the Balance Sheet - the Treasurer confirmed that this should read £1.64m
- A question was asked about admin costs and if they included the building and if there had been any progress on this. The Treasurer explained that there is a break point in the lease in November so have to give notice my May. NCU are considering a move to the Central Library to be more accessible and to save money. At MMW the rent is fixed, whilst the service charge goes up with inflation
- Current Account costs are up, but income is also up

Decisions

- It was agreed to keep the dividend at 0.5%
- Accounts were approved
- It was agreed to appoint PWH Accounting as this year auditors - but this is up for tender next year.

Money Laundering Report

- The General Manager stated that everything went smoothly and training resources have been updated

Motions

- Proposing to reduce the number of Directors from 12 to 10 to create a representative Board - this motion was passed.
- Election of Officers - Liz Blackman offered to stand again for another three years - this motion was passed. Co-opting another board member for volunteering. The Treasurer requested that anyone interested should contact him
- Supervisory - all 5 current members are willing to stand again - all 5 members co-opted

Chair's Report

Nottingham Credit Union exists to professionally and ethically serve both our current and future Members in all that we do. Our organisation has made very good progress in 2014 as we move towards long term sustainability. It is vital that we continue to improve and develop in the financially competitive world in which we operate.

We offer great products and customer services, including our new Online Branch and an ISA soon to be launched.

Our surplus was in line with 2013 but we achieved it with far less grant funding. In 2013, one pound in three was from grants; in 2014 this was down to one pound in eight. Overall grants were one third the level of the previous year so we are well on the way to not needing grant funding in the future.

Bad debt is at an all-time low. Again we have had to reduce costs and restructure our staffing complement. Some staff have left, some we have let go but we have appointed new staff where we have recognised gaps in our capacity.

To achieve this progress, leadership and team working have been vital. Ella Ferris, our General Manager, has played a huge role in leading and shaping our way forward. Our staff has been amazing in adopting new ways of working to ensure Members have the best possible service.

The Board (all voluntary) has a wide range of backgrounds and skills - financial, business, Local Government, housing including private sector, C of E, HR, community and other credit union experience. Their considerable input has helped us move forward.

Our many partners (**see below**) have also been vital in sustaining and improving our performance and we thank them all for their support.

I am optimistic that Nottingham Credit Union will continue to see us make further significant progress in 2015.

We have audited the financial statements of Nottingham Credit Union Limited for the year 31 December 2014 which comprise the Statement of Financial Position, the Statement of Income and Expenditure, Statement of Changes in Equity and the related notes.

Significant accounting policies

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and FRS 102 which is the Financial Reporting Standard applicable to United Kingdom and Republic of Ireland.

Information and judgements

Information and judgements that the Credit Union has applied in preparing these Accounts are based on the carrying amounts of all income, expenses, assets and liabilities as at the end of the financial year subject to any adjustments mentioned in the Accounts and also in the notes and disclosures to the Accounts

Estimation Techniques

Except for Note 1(d) on Provision for Impaired Loans and Note 5 on Impaired Loans Written Off, there were no assumptions made concerning the future or estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. Apart from this, there is nothing to report under FRS 102 section 8.7.

This report is made solely to the Credit Union's members, as a body, in accordance with the Industrial and Provident Societies Acts 1965 to 2002 and the Credit Unions Act 1979. NOTES ON THE ACCOUNTS

1. Accounting Policies

a. *Accounting policies applied*

The Credit Union is registered under the Industrial and Provident Societies Act 1965. The financial statements have been prepared under the historic cost accounting rules in accordance with FRS 102, the Industrial and Provident Societies Act 1965 – 2002 and the Credit Union Act 1979. Applicable accounting standards have been followed.

b. *Fixed Assets*

Fixed assets are stated at cost. Depreciation of fixed assets is charged by equal instalments commencing in the year of acquisition at rates estimated to write off their cost less any residual value over their expected useful lives as follows:

Office furniture and fittings	5 years
Computers	3 years

c. *Interest – calculation and application*

The Credit Union does not use fair value accounting in calculating interest on loans. Both received and accrued interest is based on simple interest and this is calculated automatically by the accounting system. In cases where the account is frozen, no interest is recognised in the accounts from the date the account is frozen.

Interest is accounted for on the basis of amounts receivable or payable in the year covering the accounts.

NOTES ON THE ACCOUNTS CONTINUED**d. *Provision for Impaired Loans***

Provision for Impaired Loans is stated after specifically reviewing all loans in arrears. The criteria used are whether the loan will be repaid within the medium term and whether there is a regular pattern of repayments.

The Prudential Regulation Authority (PRA) requirement is that provision for impaired loans should be calculated on the basis of net liability (i.e. customer's loan balance plus accrued interest less customer's shares held) and at the following provision rates:

Loans over 90 days but within 12 months in arrears – 35%

Loans over 12 months in arrears – 100%

The Credit Union has a more prudent policy and provision for impaired loans shown in the Accounts have been based on the following rates:

Loans 91 to 180 days in arrears – 35%

Loans 181 to 270 days in arrears – 60%

Loans 271 to 365 days in arrears – 80%

Loans over 365 days in arrears – 100%

In addition, in cases where Individual Voluntary Agreement (IVA), Debt Relief Orders (DRO) and bankruptcy have been recorded on a loan, such loans are written off. These are included in the 'Impaired Loans Cost' amount of £56,077 (2013 - £90,972) shown in the Income and Expenditure Statement.

e. *Juvenile transactions*

Juvenile transactions are included within the accounts unless specifically shown otherwise.

Supervisory Committee Report to AGM

In recent years, the Supervisory Committee has had difficulties in recruiting and retaining volunteers to carry out its work. Near the beginning of the financial year under review, Mr Barry Clarke who was the secretary had to resign from the committee. He had done good work for the committee for several years and is greatly missed. Two junior members also left during the year under review. This left only Eric Amofa (Chairman) and Brendan Breen (who took over as secretary in November). We feel that this is an insufficient number for the task. We have made a proposal to the board to tackle this problem.

The following checks have been carried by Supervisory Committee into the work of the Credit Union:

Loan Sample Checks: A review of selected loan documentation was conducted in the credit union by the committee. No major problems were identified; however there were issues of poor record keeping in respect of loan application contract and the approval process. This problem has been looked into and all loan documentations are scanned into a data base for proper records keeping.

Customer Journey Checks: It was noticed that the credit Union had no effective customer journey process in place. This considers Treating Customers Fairly and FCA Dispute Resolution (DISP). Complaint handling was identified as not meeting the regulatory standard during the year under review. A discussion and review was conducted by Mr Eric Amofa and Mrs Ella Ferries which has shown a sign of improvement. Six complaints were received during the year under review; this was resolved with no financial cost to the Business. No complaints were upheld by the financial Ombudsman. No financial Malpractice has been identified in the Credit Union

Resourcing the Committee

The Committee has had difficulties recruiting and retaining volunteers to do its work. For this reason, the two member committee recommended that the board should consider employing a qualified Auditor to do auditing work, which would be for only once in a month and report to the Board via the Supervisory Committee. This was approved by the Board and it's in the implantation stage.

The remaining two member committee is willing to volunteer for the next financial year if given the mandate by the members.

We recommend that there should be a little financial commitment given to the volunteers for their work. This will motivate and retain skills and qualified volunteers who will be willing to support the Credit Union.

Money Laundering Report Officer Report

The role of the MLRO carries significant responsibility and should be undertaken by an appropriately experienced individual.

An MLRO should be in a position of sufficient responsibility to enable them to have access to all of the business's client files and business information to enable them to make the required decisions on the basis of all information held by the business.

The identity of the MLRO is only known internally to Staff and Board.

During the year training has taken place for the staff and MLRO to ensure full compliance with regulations. During the year reports of suspicions have been made to the MLRO and where necessary passed on to SOCA (Serious Organised Crime Agency). It has been agreed to undertake annual training for all staff and relevant volunteers. Training materials have been updated and now include a test with minimum standards.
